Participants will receive a substantially below market rate financing package, closing cost assistance and homeownership counseling. In addition, under federal legislation passed in December 2006, Veterans do not have to be first-time homebuyers to qualify.

Active Duty Program: The Active Duty program is designed for active duty service personnel in the Armed Services and Reserve Forces. Under this program, they will receive the same package as the Veterans, except they must qualify as a first time homebuyer under the IHDA MRB Program.

- The **Returning Veterans' Homestead Exemption** provides qualifying Veterans a one-time \$5,000 reduction to their home's equalized assessed value (EAV). Qualifying Veterans who return from active duty in an armed conflict involving the U.S. armed forces can file an application upon their return home to receive this exemption.
- The new **Disabled Veterans' Standard Homestead Exemption** provides a reduction in a property's EAV to a qualifying property owned by a Veteran with a service-connected disability certified by the U. S. Department of Veterans' Affairs. A \$2,500 homestead exemption is available to a Veteran with a service-connected disability of at least 50% but less than 75% or a \$5,000 homestead exemption is available to a veteran with a service connected disability of at least 75%. A disabled Veteran must file an annual application by the county's due date to continue to receive this exemption.
